BOAT SALES

LAKELAND LEISURE ESTATES

Description

Step aboard Cheese on Toast, a charming and beautifully presented 68ft cruiser stern narrowboat that blends warmth, character, and potential in equal measure. Built in 1990, this wonderful vessel offers a surprisingly spacious interior with a stylish bathroom, inviting living areas, and thoughtful details throughout. Whether you're searching for a project to finish to your own taste or a comfortable base to develop, Cheese on Toast provides an excellent foundation for life on the water.

Cheese on Toast is a project boat brimming with promise, offering both comfort and creativity for the next owner. The boat's flow from stern to bow feels incredibly natural, with each space benefiting from classic porthole windows that lend soft natural light and a traditional narrowboat charm. Recent updates such as new bedding and furnishings ensure that the boat already has a homely feel, while still leaving plenty of scope for bespoke finishing touches.

The galley is bright, functional, and cleverly arranged to make the most of the boat's generous length. Equipped with a Montpellier fridge/freezer, 2-burner gas hob, and a sink with drainer, it offers everything needed for day-to-day living or extended stays on the cut. Ample cupboard storage keeps the space neatly organised, while the good worktop area provides plenty of room for preparing meals. It's an ideal space for those who enjoy simple, practical cooking while surrounded by the gentle rhythms of canal life.

Moving forward, the lounge is a warm and welcoming retreat. A brand-new sofa bed offers additional sleeping space without compromising comfort or style. The multifuel stove sits proudly at the heart of the area, ready to fill the cabin with heat on cooler evenings, creating the perfect atmosphere for reading, relaxing, or enjoying the glow of the fire. Built-in shelving and cupboards offer excellent storage for books, games, and personal items, helping to keep the living area uncluttered and cosy.

This charming cabin provides a peaceful and private space, ideal for guests or for use as a study or storage room. It features a single bed, a radiator for year-round comfort, and a storage cupboard for clothes or essentials. Traditional porthole windows complete the space, adding character and a connection to life outside along the waterways.

The master bedroom is a highlight of the boat — spacious, cleverly designed, and full of potential. At its heart is a new mattress that folds out into a king-sized bed, offering flexibility for day and night use. A wardrobe unit with generous shelving provides excellent storage, while additional built-in shelving creates space for books, décor, and personal items. Soft light filters through the porthole windows, giving the room a serene and restful atmosphere.

Beautifully styled and surprisingly spacious, the bathroom is one of the standout features of Cheese on Toast. It includes a Thetford cassette toilet, shower, and wash basin set atop a smart storage cupboard. The tiled floor adds a touch of modern elegance and practicality, while a radiator ensures the room stays warm and comfortable. Classic porthole windows complete the space with light and ventilation, making this bathroom both functional and delightful.
