BOAT SALES
LAKELAND LEISURE ESTATES

## Description

Fresh Cat is a beautifully presented 60ft by 9ft widebeam, built by Collingwood and fitted out by the owner in 2017. Designed with a reverse layout, she offers spacious and flexible accommodation for up to four people, making her ideal for families, couples, or anyone looking for a comfortable liveaboard or extended cruising experience. The layout runs from stern to bow: Galley, Saloon, Bedroom, Bathroom, and Master Cabin, ensuring a practical and well-flowing living space.

Entering from the stern, you step directly into the galley, which is open plan and thoughtfully designed for both functionality and comfort. It features a gas oven and under-counter cupboards, providing ample storage, along with generous worktop space for food preparation. There is also room for a washing machine, making everyday living on board convenient and practical.

The lounge is bright and spacious, centred around a multi-fuel stove with bespoke shelving built around it, creating a warm and inviting atmosphere. This area offers flexible seating arrangements and plenty of space to relax, dine, or entertain guests, making it the heart of the boat.

The first bedroom features a single high sleeper bed with storage underneath, ideal for a child, guest, or as a versatile space for hobbies or a home office.

The bathroom is well-appointed, offering a full-size shower with folding screen, a sink with vanity and mirror, and a compost toilet. The layout balances comfort with practicality while maintaining eco-friendly features.

At the bow, the master cabin provides a luxurious retreat with a king-size bed and excellent storage options, including his-and-hers cupboards and wardrobes. This cabin offers a private, restful space with all the amenities needed for comfortable living on the water.

Fresh Cat is powered by an Isuzu Canal Line 52 engine and gearbox, ensuring reliable performance for both cruising and mooring.

Overall, Fresh Cat combines a thoughtful owner fit-out, spacious accommodation, and practical living features to provide a versatile and stylish home afloat. She is ready to move aboard and enjoy life on the water.
