BOAT SALES

LAKELAND LEISURE ESTATES

Description

Welcome aboard Hollister's Way, a beautifully maintained 70ft x 12ft widebeam canal boat, built in 2018 by Collingwood. With its spacious open-plan interior, three bedrooms, and clever built-in storage solutions, this widebeam offers an exceptional standard of waterside living. Whether you're seeking a stylish full-time home or a tranquil escape, Hollister's Way is ready to move aboard and enjoy.

The galley is both stylish and highly functional, featuring sleek granite worktops and a well-thought-out layout perfect for anyone who enjoys cooking. Equipped with a stainless steel sink and drainer, built-in oven, microwave, and a 12v fridge, the space also includes a compact 240v freezer neatly tucked under the breakfast bar. The bar itself is ideal for relaxed dining or entertaining, with two stools and a coordinating chair. There's also dedicated space for a washing machine, adding to the convenience of life afloat. With plenty of cabinetry and work surface, this kitchen is as practical as it is inviting.

Step into the welcoming lounge, designed for comfort and relaxation. A three-seater electric reclining sofa offers the perfect spot to unwind, positioned to enjoy the warmth of the multi-fuel stove during cosy evenings. A large 40" TV adds a modern touch for entertainment, while the open-plan layout keeps the space feeling airy and connected to the galley. This is a living space made for both quiet nights and social gatherings.

Located midship, the second and third bedrooms are versatile spaces perfect for children, guests, or even use as a home office or hobby room. Each room is fitted with a single bed, wall-mounted clothes rail, and a shoe rack to maximise storage without compromising on floor space. These rooms make excellent use of the boat's generous beam, ensuring they remain bright and usable.

Beautifully finished and surprisingly spacious, the bathroom features a full-size bath for long soaks, alongside a modern corner shower for quick refreshes. A sleek basin sits atop a contemporary vanity unit, with a tall storage cupboard providing plenty of room for towels and toiletries. A heated towel rail adds a touch of luxury, making the bathroom feel like a boutique hotel suite.

At the bow of the boat, the master bedroom is a true retreat. The ottoman-style double bed offers both comfort and built-in storage, while two free-standing double wardrobes provide ample space for clothing. Matching bedside cabinets and a wall-mounted TV complete the look, making this a calm and elegant space to rest and recharge.

This lovely widebeam is much more than just a boat – it's a thoughtfully designed floating home. The layout is intelligently arranged for comfort and practicality, with generous storage throughout and high-quality finishes in every room. With its combination of open-plan living, multiple bedrooms, and stylish modern amenities, Hollister's Way offers a rare opportunity to enjoy a spacious and luxurious life on the water.
