BOAT SALES

LAKELAND LEISURE ESTATES

Description

June is a well-presented example of the ever-popular Viking 26 Centre Cockpit river cruiser, offering an impressive amount of accommodation within a compact 26ft package. Built in 1992, she has been well cared for and presents in good condition both internally and externally for her age.

The sought-after centre cockpit layout provides two separate sleeping cabins, making June particularly well suited to couples, families or those looking for additional privacy when cruising or staying aboard. With six berths, one bathroom and versatile living spaces, she offers plenty of flexibility for weekends away and longer cruising adventures.

Powered by a reliable Yamaha 15hp four-stroke outboard, June is ideally suited to relaxed river cruising. A new Boat Safety Certificate will be supplied with the sale, giving her new owners additional peace of mind.

Stepping aboard, the layout runs from stern to bow with the aft cabin, centre cockpit, galley, bathroom, dinette and fore cabin.

The aft cabin provides a versatile space which can be used as a second saloon or sleeping cabin. Bench seating converts into a comfortable double berth, with its own sink and useful storage.

At the heart of the boat, the centre cockpit provides a sociable area for relaxing and enjoying time on the water. The upholstered bench seating and table can be converted into a small double berth when required, helping June achieve her generous six-berth capacity.

The galley is well equipped for life afloat, featuring a Flavel Vanessa cooker with two-ring gas hob and separate oven, stainless-steel sink, instant Paloma water heater and ample storage.

The bathroom is a practical wet room, complete with shower and a nearly new Porta Potti cassette toilet.

Forward, the fore cabin features traditional V-shaped seating at the bow which converts into a large double berth, creating a comfortable and welcoming sleeping space.

June is a great opportunity to own a compact yet surprisingly spacious river cruiser, with the popular centre cockpit design providing excellent versatility and accommodation. Whether you're looking for a boat for relaxed days on the river, weekend escapes or family cruising, June offers a practical layout, good facilities and plenty of character.
